Here is a message with pictures from M. Please pray for her and her community. They are in a desperate situation.

---

From P.

Hi Mom,

Here is a recent message from M. I know that you will be saddened to hear the news, and that you and your fellow Dominicans will be praying for M's community.

Love,

P

From M.

Dearest P.

Greet your mother and ask her to pray for us. The warriors have changed their method of warfare they come at night when we are asleep. They burn houses, collect people's belongings and injure people with knives. I feel a strong pain in my heart because of the injured innocent children and (that are) accommodated in health centers

Pray for us.

M
